

2022 CANADIAN CHESS CHALLENGE

RULES

All rules of fair play will be applied to this and every tournament. Students may not receive outside help from parents, coaches, books, notes or any other chess related material. Chess engines, computers and or other devices may not be used to aid play. Violation of these rules will result in forfeit of games and a one-year ban from upcoming Chess'n Math tournaments.

1. Two cameras are required (see instruction sheet for details)
2. Headsets or ear buds are not to be worn during games
3. Players are to be 'unmuted' on Zoom so referees can hear you
4. Players should turn off their computer volume during games so they are not distracted by others on Zoom.
5. Washroom breaks should only be taken between rounds.

DEFAULTS:

Games will be defaulted if a player does not show up by the default time of 10 minutes after the start of a round.

LICHESS ONLINE AND FAIR PLAY

- All Chess'n Math Association rated events shall be played using rated games on lichess.org
- Lichess and their anti-cheat detection platform are the authorities for ensuring fair play in CMA online events. All disputes and appeals with regards to fair play will be between the player and the lichess organization.
- Lichess accounts must be in good standing before the start of the event. Players may not participate with an account that has been flagged with a "Violation of Lichess Terms of Service" banner.
- Lichess accounts must remain open for at least 7 days after the conclusion of the event. If an account is closed within this timeframe, that player shall be disqualified from the event.
- Lichess accounts must remain in good standing for at least 72 hours after the conclusion of the event. If a player has their Lichess account flagged with a "Violation of Lichess Terms of Service" banner, this is considered a detection of cheating unless advised otherwise.
- Players who are detected of cheating will be notified immediately and have 72 hours to have Lichess e-mail the tournament director confirming that cheating did not take place in the event. If this e-mail confirmation from Lichess is not received, that player shall be disqualified from the event.
- Players who are disqualified from the CCC due to the violations above shall receive a one-year ban from Chess'n Math Association rated events.
- No results are considered final until verified by the organizers.
